

Dear Parents,

As we continue to move forward with technology and to help keep you informed of activities going on at Alton Elementary, we will be using QR codes on some documents that are sent home.

A QR code is a two-dimensional barcode. QR stands for "Quick Response". The following are FREE QR code apps for your cell phones and web cameras. Download the app that works with your device then scan the QR code using your phone. It will take you directly to the website, link, or resource.

QR Code Readers for Android	QR Code Readers for iphone/ipad	QR Code Readers for Blackberry	QR Code Reader Downloads using Web camera
QR Droid	Qrafter (iphone and ipad)	QR Code Scanner Pro	QuickMark QR Code Reader
RL Classic	RL Classic	Code Muncher	ZBar bar code reader
QR Barcode Scanner	QR Reader (iphone)		bcWebCam
Quick Mark QR Code Reader	Inigma (iphone)		
Red Laser Barcode & QR Scanner			

QR code for Alton's Website
